PERSISTENCE

THE BAMBOO TREE

- The bamboo tree is regarded as sacred and is famous for its strength and endurance.
- Growing the bamboo tree is not an easy job.
- Creating a beautiful and strong bamboo tree requires about five years of patience and persistence but once it matures it can become one of the fastest growing plant on the planet – wherein it can grow 3 feet in 24 hours under appropriate climate conditions!

LESSONS FROM BAMBOO TREE

- 2 Lessons to be learnt from the bamboo tree – patience and perseverance.
- When you plant a bamboo, even after nurturing it for one year you will see absolutely no growth above the ground.
- In the second, third and fourth year too there will be absolutely nothing above the ground. In the fifth year you will see the bamboo plant suddenly shoot up from the soil and develop to about 80 feet of growth!
- Just like bamboo farming is not an overnight, monthly or even yearly process, achieving your goals in life also requires blood, sweat and tears which can be frustrating and unrewarding at times, but will ensure sure shot success in future.

INSPIRATION

THINKING

A poem written by Walter D. Wintle

“If you think you are beaten, you are ; If you think you dare not,
you don't, If you'd like to win, but think you can't; It's almost
a cinch you won't. If you think you'll lose, you've lost

For out in the world we find, Success begins with a fellow's will,
It's all in the state of mind.

If you think you are outclassed, you are; You've got to think high
to rise, You've got to be sure of yourself before; You can ever
win a prize.

Life's battles don't always go; To the stronger or faster man,

But sooner or later the man who wins

Is the man WHO THINKS HE CAN!”

NEVER GIVE IN

- “Never give in, never give in, never, never, never, never-in nothing, great or small, large or petty - never give in except to convictions of honor and good sense....” - *Winston Churchill*
- You attract what you want – what you ask for and believe in, is what you receive.
- So if you truly passionately desire something and have full faith and believe in it 100%, then there is absolutely nothing in this world that can stop you from achieving what you desire and have set your mind to.

Thank
you!!
